Contact name: _____

Business name: _____

Address: _____

Phone: _____

Do you require shipping insurance? Yes / No

The date the frozen semen is required by: _____ 2010/11

TERMS

COSTS

1. The price for 3 doses of semen is \$3,300.00
2. Should you seek more than one pregnancy with the 3 doses all mares must first be approved by the Stallion agent and a further fee of \$2,200.00 will be payable for each pregnancy.

3. Should no initial pregnancy be achieved from the 3 doses further single doses are available for \$660.00
4. Delivery fees are \$275.00 for Victoria and \$300.00 for anywhere else in Australia. This fee includes 1 week tank rental and return freight fees. Should the tank be lost, damaged or not be returned within the time specified further fees will be payable. Delivery fees are for road freight only.
5. Insurance is not included in the delivery fee and should it be required is available at 8% of the total invoice cost.
6. All prices quoted include GST.

SHIPPING

7. All semen and delivery costs are to be paid in full prior to dispatch of any semen.
8. Whilst we will endeavour to ensure deliveries are made to meet your requirements due to circumstances which are out of our control you accept that this may not always be possible and will not hold the Stallion agent liable for any delays.

GENERAL

9. Fugitivo XII is performing at an Elite level in the USA. His semen is only available to breeding approved PRE mares or other mares who are being successfully shown.
10. The Stallion agent reserves the right without need to provide reason, to refuse the sale of semen, including further doses, for use in any mare.
11. No semen is sold with a pregnancy or live foal guarantee.
12. The semen is not transferable from the purchaser to another breeder or mare owner.
13. A completed service certificate will be provided to the breeder when proof is received of the insemination by the breeders Veterinary Surgeon on the form annexed to this agreement.
14. The breeder acknowledges that the semen shipping tank is only suitable for very short term storage of frozen semen and that they have arranged storage if required at the delivery address nominated in this agreement.

15. The Stallion agent warrants that the semen meets or exceeds the minimum international standards for frozen semen quality on its despatch from its Australian storage facility.
16. The stallion agent will accept no liability for suitability of the semen for insemination purposes when it is delivered.
17. No monies paid are refundable.

The Breeder acknowledges that he/she has read and understands this agreement and the Terms of same and will abide by them.
